What's Ahead...

Try Pitch

DUO

In this feature, you can connect with some random stranger. Where you may suggest songs.

GROUP

Join music rooms and get to connect with strangers with similar music taste and create a amazing playlist with them.

PLAYLIST CREATION

As the group session ends or the group session ends all the great songs that were played automatically get stored into your Spotify playlist so that you can go back to it any time.

OPEN AI

To make the home page more indulging we have used OPEN AI API which would generate random lyrics from the songs of the Top Artists of your playlist.

FEATURES

Try Pitch

PLAYBACK

Both the users connected can listen to the same music being played in real time.

REAL-TIME CHAT

Get to chat with the random people you connect with in real time.
